

## **PFF Fellow Profile**

**Fellow Name: Carol Schmer**

**Degree program / disciplines: PhD Nursing**

**Courses taught: Master's level nursing theory**

**Teaching interests: I would love to continue to teach nursing theory and research to Master's level nursing students.**

**Research Interests: I am interested in studying hope and resilience among the cancer patient and a significant family member.**

**Career Aspirations: I would like to work at an institution full time that would allow me to both teach and continue to do research.**

**PFF Expectations: To help me develop a teaching portfolio. To help me learn the essence of teaching. To help me develop professional contacts in several disciplines and not just in nursing.**
